# Covid-19 Awareness Programme by Dr. Maitreyee Mukherjee

Department of Comput-er Science & Engineer-ing of Guru Nanak Insti-tute of Technolo-gy under IE Chapter has organized a webinar on 'Covid-19 Awareness Programme' on 30th April, 2020, to combat this pandemic situation. Dr. Maitreyee Mukher-jee, Associate Professor Anesthesiology, IPGMER and SSKM, has addressed several  issues to fight against Covid-19. She has discussed many important issues, like what is Covid-19, why it is called Covid-19, what are the primary precau-tions we can take to pro-tect ourselves from the infection of this disease. Under which scenario, this disease will become sever and what basic steps we should take if anyone gets infected by this virus also have been discussed in this semi-nar. She also gave very important suggestion, about the steps which we should take once the Institute gets open. This session was very in-teresting and interactive

**'PRAYASH-2020'**, an initiative by CSE department for encompassing Technical Quiz, Debate and Extempore competition on 13th July, 2020. The main focus was the objectives of engineering courses with respect to market demand during pandemic and after pandemic situations.

Computer Science & Engineering @ GNIT had conducted a five-day Online Faculty Development Program on "Latex with Hands on Experience and Innovative Teaching in Digital environment" in association with The Institution of Engineers (India), between 18th and 22ndAugust 2020 on MyPerfectice. The FDP was attended by 42 participants of various departments of the institute and other colleges of JIS Group.

The motivation of the FDP was to enhance the teaching and research proficiencies of the Faculty Members and Teaching Assistants.
